- Electronic Fund Transfer (EFT) enrollment is required for a provider to enroll with the State Medicaid Program.
- Medicaid providers must submit this form to receive payment via EFT (Electronic Fund Transfer). It is also the responsibility of the Medicaid provider to ensure this information is updated, as necessary.
- The State Medicaid Program transmits the EFT via the NACHA standard CCD + format.
- It is the responsibility of the Provider to contact their financial institution to request the receipt of all data contained within the ACH information field (including the RTN Reassociation Trace Number) of the CCD + Addenda Record. This Trace Number uniquely identifies the transaction set and aids in reassociating payments and remittance advices.

Step 5: Confirm that each page has been reviewed, making sure a green checkmark appears for each page. If a green checkmark does not display for a page, review that page, and save the information.

Note: Application submission will not be available unless all required pages have a green checkmark

The screenshot displays the application review interface. At the top, a progress bar shows the sequence of steps: Medicare Number, Group, Organizations & Hospital Affiliations, and Agreements.
