## Overview

The PDMS Web Portal user guide provides step by step instructions on how to submit an electronic application to be a Medicaid provider in the District of Columbia. The PDMS dashboard displays data for each stage of the enrollment process and allows providers to start a new application or take action on previously submitted applications and re-enrollments.

## Creating a User Account

The first step to submitting an online application is to create User Account in the DC Provider Data Management System (PDMS) Web Portal.

- Click on Create Account

The screenshot shows the 'Log In' page of the PDMS Web Portal. At the top, there is a 'Log In' link. Below it, a message says 'Please enter your User ID and Password. [Create Account](#) if you don't have an account.' A red arrow points to the 'Create Account' link. The 'Account Information' section contains two input fields: 'User ID' and 'Password'. Below these fields are two links: 'Forgot Password?' and 'Forgot User ID?'. At the bottom of the form, there are two buttons: 'Log In' and 'Unlock User'.

- Enter your Tax ID – Enter your Social Security Number (Individual)
- Select the SSN Tax ID Type
- Enter your NPI
- Click Next

The screenshot shows the 'Create User Account' page. At the top, there is a 'Create User Account' link. Below it, there are three tabs: 'Enter Provider Info' (which is highlighted in green), 'Create User ID & Password', and 'Confirmation'. A blue banner below the tabs says 'Get started by filling out the form below'. The form contains several input fields: 'Tax ID\*' (with a red asterisk), 'Confirm Tax ID\*' (with a red asterisk), 'Tax ID Type\*' (with radio buttons for 'EIN' and 'SSN', where 'SSN' is selected), and 'NPI'. At the bottom right of the form, there are two buttons: 'Next' and 'Cancel'. A red arrow points to the 'Next' button.
