Introduction

This desk reference provides the steps and functions of entering a new Provider application and completing Provider updates for Ohio Department of Developmental Disabilities (DODD)-only Providers. This document does not include the process if you, as the provider, are enrolled with the Ohio Department of Medicaid or Ohio Department of Aging in addition to the Ohio Department of Development Disabilities.

Once submitted, your application will be reviewed by DODD, then processed by the Medicaid Enrollment team and sent to Credentialing, if Credentialing is required for your Provider type. When all the necessary steps are completed for Enrollment, you will receive the Approval Letter from DODD which contains your Medicaid Provider Number.
